# CHICKEN BREAST

## FEATURES & BENEFITS

- **Menu Item Multiplier:** Boneless skinless chicken breasts can be used for a variety of menu items, leaving more storage space for other foods & ingredients and simplifying recipes for cooks & chefs
- **Convenience:** Boneless chicken breasts are easy to prepare and can be cooked quickly, making them a convenient option for busy restaurants or kitchens
- **Healthiness:** Chicken breasts are a relatively lean protein source that is low in saturated fat and high in protein, making them a healthy option for customers who are health-conscious.
- **Low waste:** Boneless chicken breasts generate less waste than other chicken cuts that may have bones or skin, making them a more sustainable option for restaurants.
